

Penda

Barovier&Toso
1998/2004

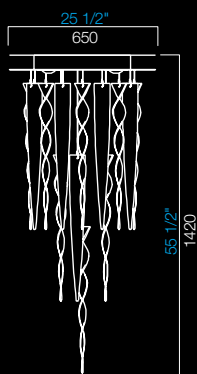

Una plafoniera/lampadario inusuale, nella quale il tradizionale diffusore è sostituito da strisce di vetro ritorte ed allungate, di colori e finiture diverse, appese al supporto cromato. Sette modelli: quattro circolari e tre rettangolari, tutti con lampadine alogene, tranne la più piccola. L'altezza degli elementi è regolabile.

In place of the traditional shade, this ceiling lamp boasts elongated, twisted strips of glass, in different colors and textures. Seven different plates, four circles and three rectangles, all chrome-finished. Halogen lamps for all but the little one. The height of the elements is adjustable.
