

SERRALUNGA

Design: Philippe Starck - 2008

HOLLY ALL

This Philippe Starck vase designed for Serralunga is more than just a vase. It can be a seat or a sculpture. The hole that opens on the surface, gives lightness and fluidity to the whole object, interrupting the continuity of the vase and creating an object that can be interpreted from many points of view.

Material: polyethylene and steel
Dimensions: length 92 cm - width 89 cm - height 200 cm
